Enhanced Dental Benefits for Special Health Conditions

Do you have heart disease or diabetes? Or are you pregnant? Poor dental health can make these conditions worse. Evidence also shows that unmanaged diabetes can worsen existing gum disease.

Blue Cross and Blue Shield of Illinois (BCBSIL) offers additional dental benefits that can keep you healthier and reduce your overall health care costs by lowering the chance of more serious complications.

What Does the Enhanced Benefit Program Provide?

If you have heart disease, diabetes or are pregnant, the Enhanced Benefit program offers an additional one of the following after your regular benefits have been used:

- Routine cleaning
- Periodontal maintenance cleaning
- Periodontal scaling and root planing

If you have medical coverage with BCBSIL, you are automatically eligible for the Enhanced Benefit.

If you don't have medical coverage with BCBSIL, please call the number on the back of your dental ID card and ask the representative for the BlueCare Dental Enhanced Benefit member form.

Dental services can help manage your health conditions and save money, too.
