

Voluntary Life Insurance!!!

We are excited to be offering Voluntary Life Insurance in addition to the company paid life insurance!

- Benefit eligible Team Members will be able to purchase life insurance through American Public Life and have their premiums payroll deducted.
- This is exciting because it is a group policy that will not require a physical or evidence of insurability if you enroll now when the plan is initially being implemented. This is a great opportunity – it is guaranteed coverage!
- You can purchase life insurance for yourself, spouse and children.
- With offering a group plan to guarantee coverage, we need to document we have offered it to everyone that is benefit eligible.

Please look over the attached enrollment form and indicate which coverage options you would like to elect or sign below that you are declining the coverage.

All forms need to be returned to your administrator by June 15th, 2023

Coverage will be effective July 1st, 2023
