What Are We Thankful For?

Answers from the November Newsletter

- The opportunity to work for a company like Winning Wheels. It has helped provide stability in my life and provide a good life for my family. I am blessed to work with so many wonderful people and the residents have given me more than I have ever given them!

-The residents who have taught me that no matter how bad life has gotten it's not over. You can still have a positive attitude, smile and look forward to the better things.

- Bonuses and new insurance

-The residents being happy and healthy, no matter what the residents always have the best outlook on life every day! They make coming to work enjoyable!

-Some great co-workers that make working here a great place.

- The team I work with. They always seem to pull together to cover the schedule, help the tenants, be supportive of our families and just get the job done. And that is just in my building, the behind the scenes members of the team at corporate take care of so many things that go unnoticed to most people, but really help to keep me and the building on track. I appreciate all of you!

And the participation winner is

Amber Dorothy!
