What is Winning Wheels, Incorporated?

Winning Wheels, Inc. is a non-profit organization made up of several different entities – stronger together and providing quality, caring service to our residents.

What does it mean to be non-profit?

A non-profit organization means that our purpose of being in business is to provide our services and benefit communities – not to generate a profit. We need to be profitable to continue to survive but our main priorities are always patient care and our team members.

If you've ever been part of a for-profit organization, you can definitely feel the difference! We are mission driven – not \$\$\$ driven!

It also means we are not "owned", we answer to a board of directors elected to oversee that we are responsibly managing our resources and guide us when we need assistance. And that's where American Health Enterprises comes in, they are hired by the board to help with the day to day management and functions of all of the facilities in our organization.

Our current board of directors:

Board members accept the responsibility and job voluntarily and are not compensated for their service, they are purely invested because they care! A HUGE THANK YOU to our Board of Directors:

John Guzzardo	Connie VonHolten
Kyle Gibson	Thomas Nance
Rick Turnroth	Dave Eyrich
Connie DeMaranville	Cris Hicks

Our board members are local to the area and provide diverse professional experience.
